

Pack 6 Tech Corner

We have recently started to make a big push to keep in better touch with you, the parents, and that starts with how we communicate with everyone. Below is a list of the new things that we are doing.

- **FaceBook Group** – As most of you know we have created a FaceBook Group. This group is closed and only approved individuals will be allowed into this group. The administrators of this group are the Adult leaders of the Pack. The group is to discuss anything Pack related or to reach out to other Scouting parents in the pack.
<https://www.facebook.com/groups/pack6wv>
- **FaceBook Page** – This is a public facing page that we will use to create upcoming events from so that you may join them to keep reminders on your FaceBook. Also it will allow anyone that searches on FaceBook for Pack 6 to gather information to see what all we do and possibly to join. So if know someone that is interested in joining and they ask you how, you can refer them to this page. <https://www.facebook.com/pack6wva>
- **The Remind App** – Most of you may be familiar with this as it is a popular tool amongst teachers to keep in touch with what is going on in their class. Like teachers we are going to be taking advantage of this tool to send out reminders about Pack events. There are two ways to get these notifications.
 - **Download the App** – Open your browser on your phone and go to rmd.at/f98243
 - **Texting** – If you just want text messages text @f98243 to 81010
- **Pack 6 Website** – We now also have a Website, www.pack6wva.org. This will be a great tool for referring interested parties to Pack 6. On the site we have a calendar of events for the entire year so that it is in one easy location for you.
